How does the job shadowing experience support the school curriculum: _____

Date requested : _____ (this should be a minimum of 4 hours)

Principal's signature _____

Student's Name _____

Student's Signature _____ Home Phone # _____

Are you an US citizen? ___ yes ___ no If, no what country? _____

Do you have a green card? ___

Please have your student respond to the following question so that a scientist, engineer or technician in their area of interest may be contacted. The student may use the following web sites to help them gain information about the enterprises and specific work related experiences available at Goddard Space Flight Center;

Earth Sciences: www.earth.nasa.gov

Space Sciences: <http://spacescience.nasa.gov/>

Engineering: <http://www701.gsfc.nasa.gov>

Goddard Home Page: <http://gsfc.gsfc.nasa.gov/>

Assume that two students have requested the same work experience and you are one of those two students. Why should you be selected? Describe what you would like to gain from a work experience to the directorate of Earth sciences, Space sciences or Engineering so that they can find the ideal person to share their expertise with you.

If an appropriate match can be made, the student will be notified within 10 working days after receipt of this completed form. Fax or email to:

Ron Erwin
